

Indicator: Chronic Disease Management Plan

Data Sources	Definition	Numerator	Denominator	Comments	Covariates
MBS	Proportion of home care recipients who had a chronic disease management plan.	Number of home care recipients who had a Medicare subsidised chronic disease management plan (Table 1).	Number of home care recipients. Exclude DVA card holders.	DVA card holders access these services differently (not MBS subsidised).	Age, sex and number health conditions.

MBS: Medicare Benefits Schedule. **DVA:** Department of Veterans' Affairs.

Table 1. Chronic Disease Management Plan, MBS Descriptions, Codes, and Eligibility.

MBS Service ¹	Code	MBS Eligibility (1)
Preparation of a GP Management Plan (GPMP)	229, 721	People with a chronic or terminal medical condition, defined as one that has been, or is likely to be, present for at least 6 months. Can be claimed once every 12 months.
Coordination of Team Care Arrangements (TCAs)	230, 723	People with a chronic or terminal medical condition, defined as one that has been, or is likely to be, present for at least 6 months. Available if they need ongoing treatment from a multidisciplinary team. Can be claimed once every 12 months.
Contribution to a Multidisciplinary Care Plan, or to a Review of a Multidisciplinary Care Plan, for a patient who is not a care recipient in a residential aged care facility	231, 729	People with a chronic or terminal medical condition, defined as one that has been, or is likely to be, present for at least 6 months, and is not a resident of an aged care facility. Can be claimed once every 3 months.
Review of a GP Management Plan or Coordination of a Review of Team Care Arrangements	233, 732	People with a GPMP. Can be claimed once every 3 months.

¹These services may be provided more frequently in exceptional circumstances (e.g., a significant change in the patient's clinical condition).
